VISUAL PHASE:

cherry-red color, clean and shiny, magenta tones on the borders, typical for the six months oak aging.

SMELL PHASE

arid aromas reveal the notes of coffee-caramel, roasted. Berries and licorice stand out after moving the glass...

TASTE PHASE

An explosion of tastes, you expect the wine to be heavy in the mouth, but you will find it to be balanced and well-defined. A soft tannin and a long and nice enduring taste
